Giant and Safeway Workers Deserve a Fair Contract

The contracts of your local Safeway and Giant workers across Baltimore and Washington, D.C. will expire at the end of the month and Giant and Safeway are refusing to recognize their value! Even though Safeway and Giant pay new hires less than a living wage and deny benefits to part time workers they're asking their employees to accept even more cuts in benefits!

Safeway has launched an intimidation campaign, hiring strike breakers to scare its employees into an unfair contract! All your local grocery workers want is quality, affordable health care and wages that pay the bills. But Safeway and Giant don't seem to care.

**YOU have the opportunity to make them care!
Hand in your Giant bonus or Safeway Club card in protest.**

Call Safeway and Giant and let them know:

"Hi, my name is _____ and I am a loyal customer who lives in _____. Your workers deserve a fair contract with better wages and affordable healthcare and pensions. Do the right thing."

You can call any of these numbers:

Safeway - 1-877-723-3929

Giant Food Landover - 1-888-4-MY GIANT
